A magnum-sized, modern update to the traditional karambit design, United Cutlery's new M48 Magnum Karambit is crafted of one-piece, full-tang tempered 2Cr13 stainless steel with a non-reflective, hard coat oxidized finish. The 3 1/2" blade is sharp with a pronounced curve like traditional karambits, but this updated interpretation features larger finger notches for a secure grip that makes it difficult to be disarmed by assailants. This innovative new handle design also incorporates defensive punching and hammer points on the open finger ring, giving you a multi-functional, dynamic tool you won't find anywhere else.

- Tempered 2Cr13 stainless steel
- One-piece, full-tang construction
- Open-hole handle with notches
- Defensive / hammer points
- 3 1/2" blade; 9" overall length
- Flexible TPR sheath
