For almost thirty years United Cutlery has been distinguished by our unique and innovative product designs that cover a wide range of knives and swords, from functional to fantasy:

- Collectible Movie Replicas
- Functional Swords and Martial Arts
- Fantasy Swords
- Throwing Knives
- Sporting and Hunting Knives
- Personal Protection/Military Knives
- Folding and Utility Knives
- Camping/Fishing Knives
- Displays and Stands

United is well known for their movie prop replicas, fantasy collectibles, great selection of functional sport and utility knives, traditional samurai swords, and our unique designer knives and swords by Kit Rae and Gil Hibben. Often imitated, but never exceeded, United Cutlery strives to make knives and swords to the highest standards in the industry, with superior value, quality, performance, great customer service, and prices that cannot be beat! And now you can buy it our store. We are United Cutlery dealer for several years. Current offers can be always found on the manufacturer's website: www.unitedcutlery.com

Expertly fusing tradition and innovation, the officially licensed USMC "Blackout" Combat Sword is an undeniably modern take on an iconic, time-tested USMC sword design. Its potent 19 3/4" AUS-6 stainless steel tanto blade features the classic nonreflective black coating, enlarged blood groove, partial serrations and prominent "USMC" stamp that old-school Marine combat sword fans know and love. It's a tried-and-true blade design that continues to prove its worth on the battlefields and in the back country wildlands of the present day. Beyond the blade, the Blackout Sword's handle is encircled by five green bands - an aesthetic nod to the classic combat sword's emblematic stacked leather handle. But the familiarity largely ends here - with respect to the handle, at least. Retooled to satisfy the unique tactical demands and survival challenges of the modern era, the Blackout Sword's advanced injection molded handle is extraordinarily durable and boasts a textured rubberized grip.

Product parameters:

- Total length: 71 cm
- Blade length: 50,5 cm
- Blade thickness: 3,5 mm
- Blade width: 3,1 cm
- Weight: 590 g
- Steel: AUS-6
