Using his firsthand experience as an Alaskan hunting guide, master knife-maker Gil Hibben crafted the Tundra Toothpick Knife. The knife has a 9 3/8" razor-sharp 420HC stainless steel blade with a satin finish, complemented by a stainless steel guard. The CNC-machined, Micarta handle scales are secured to the tang by heavy-duty screws and the pommel features a lanyard hole. The 14 3/8" overall length, fixed blade knife slides securely into a leather belt sheath with a handle strap. When it comes to knives, Gil Hibben always knows exactly what you need!
