This authentically detailed dagger is a reproduction of the prop featured in The Prince of Persia - "The Sands of Time", presented by Disney. United Cutlery, industry leader in fine film reproductions, has meticulously recreated the actual filming prop. The blade is cast from solid metal, adorned with runes and gold colored highlights to match the filming prop. The highly decorated hilt parts have been precisely cast of metal and plated with real 18K antique gold. Highlighting the handle is a translucent quartzlike grip that houses the "time-altering" sand, as seen in the film. The pommel features a ruby accented jewel. This replica was created using the finest grade materials and craftsmanship available. Close attention to quality is a top priority in every piece. Each replica includes a custom wood wall plaque with a unique silk screen design, a brass shield and a certificate of authenticity.

This epic live-action adventure takes viewers across mysterious lands where deceit and betrayal threaten the destruction of two noble kingdoms. The hero, Dastan, played by Jake Gyllenhaal, embarks on a journey of redemption that unlocks the mysteries of the past. Along his journey Dastan meets Tamina, Princess of Alamut, portrayed by Gemma Arterton. She is sworn to protect the secrets of the sands of time. While Dastan and Tamina try desperately to keep the Dagger of Time out of the hands of evil, the chief Hassansin, portrayed by Gisli Orn Gardarsson, and his band of black-cloaked villains attempt to steal the dagger using their weapons and uncommon fighting style.
